R-2	Reporting of Finances: Financial Reports for the period ending June 30, 2024
<p>“That the Board of Trustees accept and approve the following:</p> <ul style="list-style-type: none"> i) Reporting of Financial Statements, as presented. ii) Water Board Accounts to be paid as presented and accounts that have been paid since June 30, 2024; and iii) Fire Department Accounts to be paid as presented and accounts that have been paid since June 30, 2024.” 	
Moved	Wayne Smith
Seconded	Robert Babych
CARRIED	
R-3	Chief Lucas Banton, Cherry Creek Volunteer Fire Department Re: Monthly Report
<p>Fire Chief Report</p> <ul style="list-style-type: none"> • SCOTT Pack Quote <ul style="list-style-type: none"> ○ Two options provided <ul style="list-style-type: none"> Jennifer Smith – What is the life span? Lucas Banton – We previously used our last ones for 20 years. Most departments get 10-15 years of use, depending on usage. Jennifer Smith – Why do we need to buy 25 masks at a time? Lucas Banton – Everyone needs their own mask because they are fit-tested. We decided to only buy 13 packs, which is the bare minimum. Dana Forrester – Can't we buy only a few this year, and more in future years? Lucas Banton – No, because we don't want to risk losing the grant. Our quote reflects bulk pricing which we may lose if we order less. The models may change each year making them incompatible. Jennifer Smith – Why purchase them now as opposed to the past or future? Lucas Banton – PPE is required, our old ones are costing too much to maintain. Dana Forrester – I think we should look more closely at the account balances before making a commitment, I am getting nervous we may be spending too much money lately. Lucas Banton – I will provide account breakdown for the board. I think it will be fine as we have been saving in the reserves for it. • CAD System overview <ul style="list-style-type: none"> ○ Discussion for purchase <ul style="list-style-type: none"> Wes Kovacs – the software has been very successful, lots of good information for calls. The original motion was only for the software purchase, now we need to decide on hardware purchase (16gb vs 32 gb). Jennifer Smith – Why do we need 32 gb? Wes Kovacs – Between the memory requirement for Windows 11 and CAD, 16gb will become obsolete very quickly. Dana Forrester – How much have we spent so far on CAD? Wes Kovacs – about \$1500 Dana Forrester – Does this make it mobile? Wes Kovacs – Yes, it will be docked in the station, and we will grab it to bring in truck for each call. 	

MOTION:

“That the Board of Trustees approve the purchase of the a GeTac A140 32gb tablet for CAD.”

Moved: Dana Forrester

Seconded: Wayne Smith

CARRIED

- 2 new recruits, including an EMT who already has 1001
- Held up with city building inspector as he is classifying new hall as A2 (for assembly). We are going to check with other halls to see how they are classified to see if there is a way around it. If classified as A2, we will need an elevator. Other option is to split top floor into 2 parts.

Moved Jennifer Smith

Seconded Robert Babych

CARRIED

R-4 Overall Report, Wes Kovacs CCWW

- Meter reading is complete
- Darren is waiting for Ryan to have some time to brush Dam 1
- Lighthouse Church was redoing waterlines and needed a double compression fitting, Wes provided
- VMB came to the site to access site prep time/ cost. Vince will provide hourly estimate for job.
- Kate compiled report of outstanding water and parcel accounts – 34 parcels owe \$79k. Office will look into options for bad debt including collection agencies, early payment discount, registering liens and redoing water disconnection policy.

MOTION:

“THAT the Board of Trustees accept the Waterboard Overall Report for June 2024 as presented.”

Moved Robert Babych

Seconded Jennifer Smith
